**Swim Area and/or Mooring Plan
Checklist**

Swim Area / Mooring Device drawing must include:

1. Depth of Water
2. Location and type of buoy(s) – Regulatory swim buoy and/or mooring buoy
3. “Birds eye view” to scale showing existing structures, projection limits and proposed buoy(s)
4. Typical installation drawing describing anchoring device, size and shape of buoy(s) and scale drawing of buoy(s)

ATTACH DRAWING:
(APPLICATION WILL NOT BE REVIEWED WITHOUT A DRAWING.)

If only swim buoys/mooring buoys are proposed and no other shoreline improvements are proposed then a scaled drawing without an architect or an engineer’s seal will be considered.

PLEASE REFER TO YOUR SHORE IMPROVEMENTS CHECK LIST AND USER’S GUIDE
SUBMIT TO THE LAKE OFFICE OR CODES DEPARTMENT, P.O. BOX 429, KINGS MOUNTAIN, NC 28086
